WORK EXPERIENCE

04/2022 – CURRENT – Remote, Spain

LEAD DEVELOPER & CO-FOUNDER – ADASTRAPAD

Looking for a blockchain job to learn and train myself, I found adastrapad, a Cardano blockchain launchpad where it tries to distribute tokens as fair as possible, and in addition to promoting blockchain projects that have real-world implications, they offered me the possibility of working as a lead developer, and I take care of all the technical part of the project

03/2020 – 01/2022 – Madrid, Spain

FULL STACK DEVELOPER – CHECK24

Working on a car rental comparison app, which is well known and used in Germany. Here I worked together with my manager, taking all the changes for the Spanish part (documentation, code changes, infrastructure, language, design of new features, servers...)

06/2019 – 03/2020 – Madrid, Spain

FULL-STACK DEVELOPER – DIEGO DE LEÓN

I work in an aesthetic clinic, where I coded the CRM (or backoffice) from which all the clinics were managed, from the frontend, backend and the server part

04/2019 – 07/2019 – Madrid, Spain

FULL STACK DEVELOPER – TILO MOTION

Working on a project that was running a CRM/Backoffice for car dealerships, refactoring and updating the software with new features

09/2018 – 03/2019 – Madrid, Spain

FULL STACK WEB DEVELOPER – FREELANCE

I became self-employed to continue working for my German boss remotely (at the previous company, Ventano)

10/2016 – 06/2018 – Osnabrück, Germany

FULL STACK WEB DEVELOPER – VENTANO HANDELSGESELLSCHAFT MBH

Small company selling handles for doors, windows and tiles, in this company I was in charge of all the technical part, this includes having to design the software, from the graphical interface to the code part as well as the servers (UI, architecture of code, design patterns, framework to choose from, database migrations, hosting, backups...). I worked hand in hand with my boss and together we designed the new features that I was then in charge of implementing.

05/2016 – 09/2016 – Osnabrück, Germany

FRONT-END DEVELOPER – DGB RECHTSSCHUTZ GMBH OSNABRÜCK

Small page aimed at foreigners where they could see the laws of Germany and its most important regulations to facilitate their integration.

Small project for the Erasmus program, which consisted of creating a page to learn German designed for Erasmus students.

● **EDUCATION AND TRAINING**

2013 – 2016

TÉCNICO EN SISTEMAS MICROINFORMÁTICOS Y REDES – Colegio fomento Montecastelo (Spain)

Computer science course, here I learn a lot of computing, from the basic computer's structure, to networking, programming, system admin and more.

12/2014 – 03/2016 – Vigo, Spain

CURSO DE JAVA Y SQL – Colegio fomento Montecastelo (Spain)
