WORK EXPERIENCE

APR 2020 – CURRENT – Madrid, Spain

Full Stack developer

Check24

Working in a super big application like rentalcar.com (page of comparation of different providers/broker for renting a car) this site was well know in Germany and has a lot of daily traffic and big infrastructure.

My tasks here were maintain and implement new features for the spanish version of the software (same code, just different text) maintaining the servers, inform alert of possible/existing problems of the servers and fix them.

I was **specialized in one of the apps that build the site (was a distributed system)**

JUL 2019 – MAR 2020 – Madrid, Spain

Full-Stack developer

Diego de León

Developing a custom backoffice/CRM app for managing 3 esthetic clinics, here I was implementing new features, fixing existing bugs and refactoring the existing code

MAY 2019 – JUL 2019 – Madrid, Spain

Frontend developer

sunmedia

Working in a advertising company developing a custom media player

OCT 2018 – MAR 2019

Full stack web developer

Freelance

Looking for new challenges I started as freelance, I also had some clients from Germany so that made the process easier

Madrid, Spain

NOV 2016 – JUN 2018

Full stack web developer

Ventano Handelsgesellschaft mbH

Online shop using Opencart, here I was developing in PHP, JS, SQL, HTML, CSS.

My tasks here were of all kinds, from modifying Opencart pages for the shop administration, to create a new page for the warehouse management, a system for creating invoices,,, and much more.

At the company, I was the only developer, but I was designing all the tasks with my boss, from the layout, to the internal structure and all small details.

Osnabrück, Germany

JUN 2016 – SEP 2016

Front-end deveper

DGB Rechtsschutz GmbH Osnabrück

Making a simple website to show the important information about Germany to the foreigner, for example German's laws, taxes and more

Osnabrück, Germany

MAR 2016 – JUN 2016
